

FIRST APPOINTMENT

AT WHITE CLINIC™

CONGRATULATIONS

You are getting closer to a brand new and healthy smile

YOUR APPOINTMENT WILL START ON TIME

INTERVIEW

We are looking forward to meeting you.
What brings you to the Clinic? How can we help?
We are sure that our team, guided by Dr. Miguel Stanley,
is prepared to create your dream smile.

FULL DIGITAL DIAGNOSIS

With the latest technology,
we will discover everything about your smile.
Nothing escapes our diagnosis. We will run:

- Digital Orthopantomography
- CBCT 3D digital (cone beam computed tomography)
- Digital Studio Photos
- Digital Periapical x-rays
- Clinical Observation
- Multiple specialist doctors depending on the complexity

TREATMENT PLAN

Our medical team will discuss with you the best solutions
for your case. At White Clinic, we practice Slow Dentistry.
For us, it is essential that you have knowledge of all
procedures and understand the risks of treatment.

We will discuss with you:

- Biological, functional and aesthetic needs: NO HALF SMILES®
- Duration of treatment and number of consultations required
- Discussion of all possible options
- Total costs - No surprises at the end!
- Guarantees
- Payment plans

WELCOME TO WHITE CLINIC™

Our team will do everything to create a comfortable,
peaceful and positive environment for your first consultation.
Available in English, Portuguese, French, Spanish or Russian.

CLINICAL ANALYSIS AND MEDICAL HISTORY

How is your general health? Systemic diseases can be related to
dental problems, such as headaches, chronic fatigue, sinusitis,
among other things. The more information you share about yourself,
the more complete your diagnosis will be.

PRESENTATION OF SIMILAR CLINICAL CASES

Our team has more than 20 years of experience in advanced
dentistry and continues to evolve with patients and dentists
all around the world. It is important that you see how we resolve
other cases similar to yours.
